## TRIAD Construction Completes build-outs to the Water Tower Medical Commons on the Columbia St. Mary's Campus

West Allis, WI – Triad Construction is proud to announce the completion of two large-scale build-outs at Water Tower Commons; Madison Medical and Cardiac Rhythm Specialists medical suites.

The renovations, located on Lake Drive in Milwaukee, were undertaken with the goal of building the complete medical offices to meet the strict standards in the healthcare industry. Triad crews constructed a customized waiting room, reception area, examination rooms, doctors' offices, nurses' station, and other needed areas. Crew members were also responsible for controlling noise and dust so as not to disturb the other tenants in the professional building of Columbia St. Mary's.

"Triad is pleased to provide the customized work space these busy medical professionals need to better serve their patients," says Triad Construction President and owner Werner Holentunder

Triad Construction Inc. is a construction firm organized around a team of skilled professionals. We enjoy working with clients who value relationships and need a committed team to help them reach their construction goals.
