TRIAD Construction Completes Maybar Manufacturing

West Allis, WI – Triad Construction is pleased to announce its completion of the Maybar Manufacturing building addition in Franklin, WI. The project consisted of a new 9,985 square foot shop addition and 635 square foot office addition. The building is a single story masonry construction building with a 2,450 square foot divided storage room with outdoor access. The building has a concrete foundation with exterior finishes to match the existing building. Maybar Manufacturing Company specializes in the design and production of parallel shaft speed reducers. Learn more about Maybar on their website at www.maybar.net.

Triad Construction Inc. is a full service commercial general contractor headquartered in West Allis, Wisconsin. They enjoy working with clients who value relationships and need a committed team to help them reach their construction goals.
